In recent years much attention has been given to the study and treatment of traumatized individuals in the clinical setting. But what of the communities that suffer monumental social problems in the face of our contemporary global epidemic of collective violence? How might traumatized communities heal the brokenness that trauma imposes upon social and cultural identity? This symposium views collective trauma through the unique lens of Jungian psychological theory and demonstrates how two distinguished Jungian practitioners work toward transformation of trauma outside the bounds of the consulting room.

**A.M. Session: On the Art of Social Transformation: A Depth Psychology Perspective**  
Presenter: **DR. EBERHARD RIEDEL, Jungian Analyst, Seattle, Washington**
